### *Position Announcement*

<b>Position Title:</b>	District Technician
<b>Position Location:</b>	Big stone SWCD, Ortonville, MN
<b>Employment Terms:</b>	Full-time grant funded position w/benefits
<b>Application Deadline:</b>	Monday, June 5 <sup>th</sup> , 2017
<b>Salary:</b>	Based on qualifications and experience
<b>Hours:</b>	8:00 – 4:30 Mon–Fri with occasional nights & weekends

The Big Stone Soil & Water Conservation District is accepting applications for a District Technician. Under the supervision of the District Manager, the District Technician assists landowners in implementing soil erosion prevention strategies. Position will work side by side with the SWCD, the Natural Resources Conservation Service, and the Farm Service Agency.

#### **Duties:**

1. Implement all aspects of the tree program including inventory, planting and fabric mulch application. Schedule meetings with landowners for planning, layout, and design of tree planting plans, complete and organize plans, order appropriate trees; maintain records of designs, plans, and final trees planted. Be able to identify many tree and shrub species.
2. Conduct site assessments of conservation practices to see that they are completed according to technical specifications.
3. Process cost-share applications in coordination with conservation plans.
4. Provide assistance with educational and promotional programs; compose relevant articles for newsletters as requested.
5. Coordinate the District no-till drill program and keep drill and all other equipment and facilities in operating condition.
6. Manage the well monitoring program by taking monthly readings and reporting results on DNR website.
7. Attend regular training and meetings to stay updated on program rules and requirements.
8. Marketing and consultation with farmers, landowners, schools, sportsmen groups, and other organizations about conservation programs that achieve clean water, grass and wetland cover.
9. Keep records of land use activities and maintain landowner records of conservation practices.
10. Assist in coordination and implementation of MN buffer law compliance.
11. Research new opportunities for the district to implement &
12. Perform other related duties as assigned.
13. Promote and contract Minnesota Conservation Reserve Enhancement easement Program
14. Operate survey equipment and attend trainings available for engineering practices.

“Conservation means harmony between men and land. When land does well for its owner, and the owner does well by his land; when both end up better by reason of their partnership, we have conservation.”- Aldo Leopold
